The Honorable William J. Casey
 Director
 Central Intelligence Agency
 Washington, D.C. 20505

Dear Mr. Casey:

The Committee on Government Operations has a continuing interest in the implementation of the law commonly known as Gramm-Rudman-Hollings because it falls within the Committee's legislative as well as oversight jurisdiction. Thus far the Committee has held three hearings on various aspects of Gramm-Rudman-Hollings. The Committee is presently reviewing the impact this law has had on the various departments and agencies in Fiscal Year 1986 as well as what its impact is likely to be in Fiscal Year 1987. Enclosed is a questionnaire containing five questions on these topics to which the Committee would like your response by Friday, July 11, 1986. When you return the questionnaire, please include the name and phone number of the person who should be contacted in case anything needs clarification.

Thank you in advance for your cooperation.

Sincerely,

JACK BROOKS
 Chairman

QUESTIONNAIRE ON GRAMM-RUDMAN-HOLLINGS IMPACT

1. Please provide a list of all the budget accounts (include title and account number) for which you are responsible and identify the dollar amount and percentage of reduction that occurred for each as a result of the February/March 1986 sequestration.
2. Please identify any of the budget accounts listed above that were subsequently provided with additional funding as a result of reprogramming, transfers, supplemental appropriations, or other actions. Provide the dollar amount of the additional funding.
3. Please specify which of the following actions you found it necessary to take to accommodate any reductions in funding resulting from the sequestration. Answer sub-questions "a" through "i" for your overall department/agency. Answer sub-questions "j" through "l" for each of your principal sub-department/agency components. Answer pertinent questions in terms of the actual number of people involved rather than FTE's. Attach additional sheets of paper wherever you find it necessary to provide and/or explain all the information requested.
